**Subject:** Fwd: Post Harvey recovery: Port status update - 41' draft - 42' with tide / open 24/7

**Date:** October 23, 2017 at 12:26:56 PM CDT

Good afternoon,

The after dredge survey results have been posted and after review we can increase the recommended fresh water draft to:

- 41' zero mean low low water
- 42' with +1' tide

Basic operating procedures still apply for daylight restrictions.

Regards,
